

REMARKS

In response to the March 16, 2005 Notice of Allowance, Applicant wishes to thank the Examiner for the thorough examination of the application and for the indication of allowance. Applicant has found several typographical errors in the specification upon review thereof. Accordingly, Applicant wishes to amend the specification as presented above. Since the amendments merely correct the typographical errors, Applicant believes that they do not affect the scopes of the claims.

Entrance of the Amendments and prompt issuance of the patent are respectfully requested.

Respectfully submitted,
